We hereby apply for the Storage container / Stockroom.

● Storage Container

1. Period

From Fri, Nov. 27 – Sun, Dec. 6 (until 10:00 a.m.)

2. Auxiliary Equipment

- 1) Key (one)
- 2) Outdoor container loading ramps (steel)
The container floor is about 20 cm above the ground. Ramps are available so that forklifts can drive in and out of the containers.
Note: Storage containers are not fitted with electrical equipment (lighting), fixtures, etc.

3. Bringing in of Plastic Materials

When storing plastic materials in the container, a No.10 fire extinguisher (amount of agent is between 3 kg and 3.5 kg) must be located in the container.

Notes:

1. Containers are in short supply throughout Japan. To ensure that the necessary inventory is secured, please be sure to comply strictly with the deadlines given. Orders for indoor stockrooms will be accepted before or after Sep. 11.

2. Installation positions are limited and will be provided on a first-come, first-served basis.

*On your first day of use, please come to the Organizer's office at the venue to collect your key.

*If you lose a key, a replacement fee will be charged separately.
