---------------	-------------------------------------

- 1) The above rates are for one session (with one month).
- 2) When applying, be sure to attach the floor plan of the booth, which indicates the location of the line.
- 3) Please note that we may not be able to provide the application after the submission deadline.
- 4) "Plan 1 @High Speed Optical Line Giga (FLET'S Hikari Next Giga Type)" is a best-effort service of up to 1 Gbps.
"Plan 2 @High Speed Optical Line 10Giga (FLET'S Hikari Next Cross Type)" is a best-effort service of up to 10 Gbps.
It does not guarantee communication speed or communication quality. The communication speed at the site differs depending on usage conditions.
- 5) Please note that we are not liable for any communication with the outside party caused by a malfunction of the carrier.
※The provider included in [Set] is [Dynamic IP].
- 6) If you want a fixed IP, please apply with [line only] + [fixed IP-1] + [router (necessary)]. When connecting multiple terminals, please prepare the branch device such as HUB and wireless LAN etc. by yourself.
- 7) In addition, please carry out installation and setting at your own risk. Please consult us if you use high bandwidth for distribution.
- 8) Only wired service is provided. Please note that wireless Wi-Fi access points cannot be provided.

Wireless LAN: At Makuhari Messe, public wireless LAN is available in International Exhibition Halls 1 to 8, the second-floor Central Mall and the 1st-and 2nd-floor lobbies of the International Conference Hall. However, a contract with one of the following services is required to use the wireless LAN. For details, please visit the websites of the providing companies.

*Softbank Wi-Fi (Softbank) *docomo Wi-Fi (NTT DoCoMo) *FLET'S SPOT (NTT East Japan)

*UQ WiMAX (UQ Communications) *Makuhari Messe Free Wi-Fi
